

Active+

A great place to work!

Our team's perception about their place of work has a significant impact on the vision and goals of our organisation so we would like to share with you some of their endorsements of life at **Active+**.

I chose **Active+** because they were renowned for their multi-disciplinary team work, and had a variety of work options available. A year on and true to their reputation, I am working cohesively together with other disciplines to deliver the best outcome for clients. Looking back at my journey with Active, I am pleased I made the decision of choosing Active as an employer; they are really committed to staff development and progression and making a positive difference in both staff and clients lives.

Mark Arenhold
PHYSIOTHERAPIST, **Active+ Counties**

The most important part for me is having a friendly, welcoming team to work with. It makes a difference having a team to support decision making and planning. I love the variety of work I have now. I teach pilates and have begun an antenatal pilates class, as well as seeing musculoskeletal clinic and vocational rehab patients.

Irene Leahy
PHYSIOTHERAPIST, **Active+ Counties**

I have felt nothing but supported since my arrival. I have been working as a Physiotherapist for 16 years and have always loved my job but feel that **Active+** is one of the best all round environments I've worked in.

Andie Fulton
PHYSIOTHERAPIST, **Active+ Central**

Active+ has been a dream job for me. From my initial phone interview to the latest therapist to join the team I was met with friendly personalities – everyone wants to help you do the best you can.

I've had the privilege of watching Active Physio evolve to **Active+** in the 6½ years I've been with the company. Whilst the branches are all independent franchises, they all work as a group and that big group mentality gives a lot of strength and credibility to the group as a whole.

Jeff McDonald
PHYSIOTHERAPIST, **Active+ Dominion Road**

Active+ as an employer is ideal for new grads. I have received as much support as I could want from both the franchise and also my boss. I receive weekly meetings to discuss any patients I need help with and have mentoring every fortnight. I feel really supported and it has most definitely helped with my professional development.

Emily Smyth
PHYSIOTHERAPIST, **Active+ Ellerslie**
