

Active+ New Zealand – A great place to work and play!

Kia Ora,
If you enjoy the outdoors, adventure and immersing yourself in a wonderfully photogenic and unspoiled land, while working alongside other professional health clinicians then you will love New Zealand and life at **Active+**.

Here are what some of our team are saying about their move to us!

I have felt nothing but supported since my arrival. I have been working as a Physiotherapist for 16 years and have always loved my job but feel that **Active+** is one of the best all round environments I've worked in.

Andie Fulton

PHYSIOTHERAPIST, from South Africa

For a small country, we are spoilt for choice here in New Zealand, enjoying 160kms of sweeping coastal beaches.

I came to New Zealand for a one year OE on a holiday working visa... it's been 8 years now and I'm a resident. Within hours of home in any direction you find yourself in a new breath-taking place, whether you're on a bush walk or exploring a cave or yet another beautiful beach. New Zealand is hard to beat. It's a safe friendly country to live in and it's close to the Pacific Islands and Australia, so there are ample places to explore.

Active+ has been a dream job for me. From my initial phone interview to the latest therapist to join the team I was met with friendly personalities – everyone wants to help you do the best you can.

Jeff McDonald

PHYSIOTHERAPIST, from Canada

The beauty of New Zealand's untouched wilderness and lush rain forests, simply take your breath away.

New Zealand is of course an amazing country to visit and travel. Living here is definitely a once in a lifetime opportunity. I would encourage anyone to consider New Zealand as it has so many opportunity's, including travelling one of the world's most beautiful countries and great professional development.

Emily Smyth

PHYSIOTHERAPIST, from Ireland

Making waves in the clear blue waters New Zealand is an ideal destination for adventure.

PLEASE NOTE: Registration with the New Zealand Board of Physiotherapy is a prerequisite and **Active+** are not able to offer physio work in NZ without this certification.
